

QUALITY AND CERTIFICATIONS

ATRENNE, A CELESTICA COMPANY

- AS9100:2016
- ISO 9001: 2016 Certified
- ITAR
- JCP Certified

- AS9100D
- Nadcap Accredited (Electronics)
- ISO 9001: 2015 Certified
- ITAR
- JCP Certified
- J-STD-001

CORPORATE OVERVIEW

INTEGRATED SOLUTIONS PROVIDER
FOR INDUSTRIAL, DEFENSE, TELECOM,
AND AEROSPACE INDUSTRIES

Atrenne, a Celestica company, designs, builds and delivers complex, integrated electronic solutions that exceed performance criteria and do not fail, in critical applications. “Atrenne” is an Old English word that means to “out-run,” and that is the company’s mission.

SERVICES

PRODUCT DEVELOPMENT

- Chassis, Board & Component Design
- Complete System Design
- Reverse Engineering
- Component Obsolescence Management
- Product Life Cycle Management
- End of Life Risk Management

ENGINEERING AND TECHNICAL SERVICES

- Program Management
- Electrical and Mechanical Design
- Design for Excellence
- Prototyping, including 3D Printing
- 3D Solid Modeling

MANUFACTURING CAPABILITIES

- High Mix / Low to High Volume Runs
- Quick Turn
- Complex and System Assemblies

PRODUCT TESTING

- CE, UL, CSA, VDE, IEC and FCC
- Environmental
- Low MTTR and High MTBF
- Stress Screening
- Functional
- Thermal Analysis
- EMI and RFI

CORPORATE OVERVIEW

INTEGRATED SOLUTIONS PROVIDER
FOR INDUSTRIAL, DEFENSE, TELECOM,
AND AEROSPACE INDUSTRIES

PRODUCTS

COMPLEX ELECTRONIC PACKAGING

- COTS and Custom Designs
- Supporting VME, VXS, VPX, CompactPCI, AdvancedTCA, MicroTCA, and other form factors
- Integrated Components

CONNECTORS, CABLES & WIRING

- Wire Wrap
- Wire Harness
- MIL-SPEC Connectors
- Custom Connectors

ELECTRONIC ASSEMBLIES

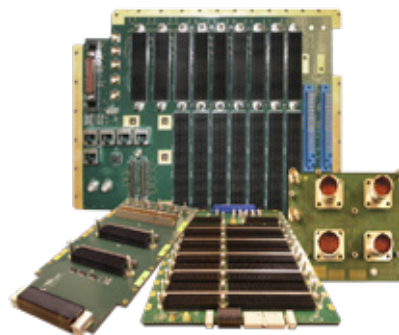

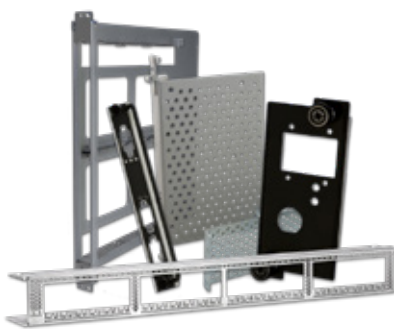

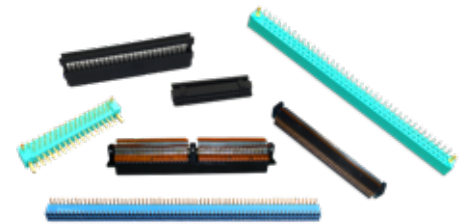

- Backplanes
- Circuit Card Assemblies (CCAs)
- LED Assemblies

ENCLOSURES

- ATRs
- Card Cages
- COTS & Modified COTS
- Extruded Aluminum
- Lab Development Chassis
- Ruggedized Chassis
- Small Form Factors

MECHANICAL MOUNTING SOLUTIONS

- Front Panel Assemblies
- MicroVent® Technology
- Board Extractors
- Extruded Bezels
- PCI Brackets and ATX Shields

COMMITMENT TO CUSTOMERS NEVER WAVERS

ABOUT ATRENNE | Atrenne, a Celestica company, is a vertically-integrated, component and system provider serving aerospace, defense, computing, communications, and other technology-driven industries. Atrenne designs and delivers integrated components, electronic packaging, fabricated metal, electronic assemblies and value-add build-to-print manufacturing services to industrial markets across the globe. With more than 40 years of experience, Atrenne provides innovatively engineered products and services throughout the program lifecycle, from concept to manufacturing to obsolescence management. Atrenne is proud to provide customers with fully-tested, reliable, electromechanical solutions on-time and with world-class quality.
